

The image is a hand-drawn sketch of a mobile application interface. At the top, there is a status bar with icons for Wi-Fi, cellular signal, and battery, along with the time 18:26. Below the status bar is a header section containing a user profile icon on the left and a hamburger menu icon on the right. Underneath the header is a navigation bar with four tabs: 'Diet', 'Schedule', 'Scale' (which is highlighted in blue), and 'Progress report'. Below the navigation bar is a horizontal scrollbar. The main content area is titled 'CALORY MONITOR CALCULATOR'. Under this title is a section labeled 'SELECT UNIT' with a horizontal line underneath. Below this section are six dropdown menus, each with a label and a downward arrow: 'INITIAL CALORIES', 'AGE', 'GENDER', 'WEIGHT', 'HEIGHT', and 'ACTIVITY'. At the bottom of the form is a 'CALCULATE' button, followed by an equals sign, and then a rectangular input box. Below the input box, the text 'CALORIES LEFT' is displayed. The entire interface is enclosed in a rounded rectangle representing a smartphone, with a home indicator bar at the very bottom.
